

Legislative Assembly cannot expect the people of this state to agree to this study by OHA that has no amount in the appropriation of General Fund money for number 1 and 2 of Section 2. I strongly oppose HB 2010 as written.

Generally, why is Oregon Legislative Assembly duplicating the Affordable Care Act, this is a waste of state revenue. What the state may save citizens with a state health insurance public option health insurance plan will cost an enormous amount of revenue to create and administer such a plan if enacted?
