Re: SB772, Support Fair Pay for Naturopathic Doctors (NDs)

Dear Senate Health Care Committee,

My name is Sarah Tindall and I am a Naturopathic Doctor (ND). I would like to share my experience working in Oregon as a licensed ND and ask you to please support SB772.

I love helping people. This is why I have sacrificed so much to become a physician and practice integrative medicine in my local community. I love connecting with people, and helping them both understand their medical condition(s) and successfully implement a plan to move their health forward. I often manage the majority of the healthcare needs for my patients, whether it be their annual physical, lab orders, health screenings or prescription medications. I also make referrals to other medical providers and specialists when appropriate. In addition, I spend a great deal of time teaching my patients about healthy diet and lifestyle choices that can help prevent and treat various medical conditions.

Unfortunately, NDs are not being fairly compensated for our valuable contributions to healthcare in this great state. This makes it more difficult for people like me to stay in practice and deliver this essential and unique level of care. It also limits access to healthcare for my patients as well as other individuals and families in the community. And for those of us who have been able to stay in practice, we do so at a great economic disadvantage to our peers, making it difficult to repay student loans, raise a family and give back to the community.

I am asking you to vote yes on SB772 and support fair pay for Naturopathic Doctors.

Sincerely yours,
Dr. Sarah Tindall
