

Our bill is asking for those sentenced under Measure 11 to be allowed to earn good time, and asking that it be retroactive. Prison is a place to learn a lesson for their mistake. Earning sentence Reduction would boost Morale & to better themselves and to stay out of trouble. Am asking you to please vote Yes on this bill! I have a son who is incarcerated at SRC, convicted of Armed Robbery 1 & sentenced to 11 years. He's a Veteran, has done 7 of the 11, has a job, has been on the honor side of the facility for quite some time. This was a first offence for him. He was on opioids from 2004 until the VA cut him off cold turkey the end of 2013. He tried to get help & was unable too. He was going through withdrawals and wasn't thinking or caring about the consequences of his action, he was in pain from a neck injury made worse after he was deployed to Iraq, ending in a neck operation having two metal plates & 8 screws placed in his neck. I'm also a Veteran, 63, Have MS & live in PA & would love to have my son come home. Thank you for your time. Karen Hendrix
