

HB 2021

Chair Marsh, Vice-Chair Helm, Vice-Chair Brock Smith and Members of the House Committee On Energy and Environment,  
Thank you for the opportunity to testify in support of HB2021.

Clean Energy is crucial for our continued life on this planet. It is also vital that all Oregonians have access to clean, renewable energy. I am happy to see that the -5 amendment has been so well received by stakeholders.

I urge you to support bill HB 2021, The Oregon 100% Clean Energy for All Act as amended by -5. It will require all of Oregon's electricity to come from clean energy resources, like wind and solar, by 2040. This bill should include critical labor standards to ensure new jobs in clean energy are well paid and include benefits while also incentivizing community-based projects that increase energy independence, affordability, and disaster resilience across Oregon.
