

Dear senator that is read this,

My name is Aidyn Lovell and my mom is currently in prison and I really want to have her get out early because First I really miss her and she is my Mom I shouldn't be separated from my mom for so long. Also I want my mom to see my bearded dragon Spike before she passes away (talking about the pet) and I want her to see my first girlfriend if get one by that time. Also I want to do stuff I didn't get to do with my mom like showing her what Rocket League is and also Car Crushers on Roblox and actually do thinks I should do with my mom and not just be with my grandparents (they are really getting annoyed with me). I want to drive my car withy her and maybe even show her what I've been doing in my life. So if a Oregon senator reads this I am just gogga ask please let my mon out early.

Sincerely, Aidyn Lovell
