

I OPPOSE [HB 2266]

I do not want any part of my property taxes to subsidize any businesses.

\$10 Million dollars for what?

Oregon should not be able to "gamble" taxpayer's money on anything.

Oregon should not have the ability to raise taxes to the point of excess [HB 2266] represents.

[HB 2266] is another name for unjust enrichment of others at the taxpayer's expense.

Don't even try to sell [HB 2266] as benefiting Oregon.
