

4/8/2021 – 1:00 pm Senate Bill 785 Senate Committee on Rules

Senate Bill 785 is a confusing mess, two options would suffice either change the odd and even years and/or federal election years primary to all March or all May Tuesday elections. The Legislative Assembly is trying with all their might to confuse the voters with Bills such as these in the 2021 Regular Session, in turn, driving the cost increases to the election process.
