

I am the Manager of the Clatsop County Fair & Expo Center here in Astoria Oregon. I am in support of this bill as all County fairs are need of some financial help as we provide a lot for our communities and ask so little in return. We currently provide an area for the North Clatsop County Vaccine center, training area for local law enforcement, The United States Army. We have provided shelter for fire victims, & people who just need to get out of the smoke from wild fires. We make money where we can can on certain events & weddings etc. but it takes a lot to maintain these large facilities that our communities rely on to be there for the good times & the bad.

Thank you for your time.

John Lewis
Manager
