

We have issues in Oregon, how does this idiotic bill address any of those?

You people have let criminals out of jail, are trying to remove measure 11, are refusing to hold criminals liable and now are trying to make more people criminals? For what purpose?

I have seen first hand, Oregon entities refusing to follow ORS and Case law. There are issues with runaway tyrannical beauraucies here in Oregon.

CHL holders are Not out violating laws or rioting. So what need is there for this bill?

No, this a bad bill which will help no citizen.
