

I oppose Bill 554.

This will hurt more Americans instead of doing good. I'm so confused, why are you legalizing drugs and yet taking away our protection? Doesn't make sense at all. Your punishing/controlling the people that are citizens trying to work and just live. Instead your trying to find ways to make them criminals, lock them up and ruin their lives. This is by far stupidest gun control law ever. How about finding out what the problem is and actually doing something about that problem. Just feels like you guys will do anything to make some money and be in control.

Let Oregon be Oregon, nothing is wrong with it. Don't like it then please move.

Have a blessed day.
