

This bill is another overreach of the democrats to infringe on the 2nd amendment. The fact that SB554 was joined with the lockup bill and an EMERGENCY is sneaky underhanded and disgusting,

This law makes felons out of law abiding concealed carry permit owners who have jumped through all the hoops to be lawful gun owners. This does nothing to stop the gun violence that is perpetuated by weak leaders like Ted Wheeler and Kate Brown who obviously hate Oregon and its citizens and are trying to drive this state to socialism. Brown is closing prison's and letting violent criminals out into the community but wants to make felons of, and imprison lawful gun owners with this gigantic stuffed with garbage bill. Adding the emergency clause so it can't be seen or voted on by the people.
