

The only thing I'm going to say is the only thing that matters to you Democrat politicians, about votes. Nothing about the legitimacy of this bill, nothing about saving lives or crime, nothing about doing the right thing, none of that.

If this passes with these amendments, make sure you understand, for a full 3 months before the next election and the one after that, I will FLOOD social media in particular Oregon gun groups where Democrat gun owners are, reminding them of what you did to their rights.

Know it.
