

I am a law abiding citizen. I voted republican. I see that some have been swayed to cross the line and not represent me in my 2nd amendment right to bear arms. Now , with all the lawlessness going on , I simply will not comply with any unconstitutional law that you believe will make us safer. Locking up my gun and not allowing me to carry one where I see fit is infringing on me . Remember that I vote and this issue is the most important .
