

Thank you for considering financial assistance from the American Rescue Plan to help fund a permanent building for our local library. We have been operating in a temporary building for many years and it does not meet the needs of our community. We have a high percentage of low income families that depend on library resources for education and internet access. Our community voted for a tax to provide our local area with library facilities. It has long been a goal to find a permanent home for our library. Please help us realize this important community resource by supporting the allocation of public funds towards a permanent library building!
