

To Whom it May Concern:

My name is Claudia Rutnag. I have been a caregiver direct support professional for more than 10 years now and I started at \$9.25/hourly. I've moved from one company to another seeking better wages and also worked a lot of overtime to support my family better.

I am currently working with Community Access Services for 3 years now and making \$16.25/hourly and still working a lot of overtime to support my family and at the same time I'm enjoying doing what I love doing (caring for others). I'm a heart warming person and I care a lot. I love my job as a caregiver because it gives me great joy of seeing a person meets their needs and feel safe.

My concern is, if I get a raise in my salary, I would not be seeking overtimes and will be spending more time with my family and caring for others. I sincerely thank you from the bottom of my heart if you would take this into serious consideration and give me the raise I deserve. Thank you!
