

To whom it may concern,

My name is Ron Austin and I am the husband of a Lead Family Support Specialist for Healthy Families in Douglas County. Lisa had been actively supporting families and children in need for over 15 years.

I cannot express how important this program is for these families. I have seen many times families walk up to her and tell her how much of an impact she and the program has made in their lives. The families often stressed the fact that they don't know where they would be right now without the much needed support they have received through Healthy Families.

My wife supports these families as if they were her own. I truly believe that many families will not receive the much needed support that they deserve from valuable knowledge and resources that Healthy Families provides if their funding is reduced.

Thank you

Sincerely Yours  
Ronald Austin
