

I am a contract writer, reporter and editor who makes more money and pays more taxes, the more meetings I can attend. It's not ideal. Ideal would be if I could be a mom, wife, caretaker, and be in 10 places at a time. Because I'm human, this works great. I've saved time, gas money and sanity remotely attending meetings, listening to public testimony and asking questions statewide. Please, where possible, continue to make meetings accessible remotely.
