Position on Bills at 2021 Session of Oregon Legislature:

Dear Committee: **SCR 17: Support**

The Independent Party of Oregon and Oregon Progressive Party support this resolution, which expresses environmental justice principles for the State of Oregon.

In particular, it recognizes "the right of all people to clean air, safe and affordable drinking water and protection from climate hazards and the sustainable preservation of ecological integrity and the aesthetic, scientific, cultural and historical values of the natural environment." This recognition of rights should apply when all laws of the State of Oregon and its subdivisions are considered.
