

Dear Chairs Girod and Holvey, and members of the Committee:

My name is Ron Williams, and I live in the Greater Toledo Pool Recreation District.

As a former Toledo school educator, I've seen many students that have benefitted from the Greater Toledo Pool. Living in a coastal community, learning water safety is critical. The pool serves students and adults in all of the East Area of Lincoln County.

I totally support the Greater Toledo Aquatic & Community Center project. The East Area of Lincoln County has demonstrated vision, initiative, and commitment through on-going support to build and grow safety, health, and community living standards. The Greater Toledo Aquatic & Community Center would benefit not only the Toledo community, but all East Area residents of all ages.

Thank you.
