

LUCKII IS A REGULATED, RESPONSIBLE WAGERING PLATFORM POWERED BY HISTORICAL HORSE RACES

- **NOT an app**; Customer must manually go to the website to play
- Average customer plays 3 times per month, at 17 minutes per session.
- Average customer plays less than 1 hour each month
- Average age of player is 41 years old; 54% female
- One game at a time – can't wager multiple screens simultaneously
- Min Bet is \$0.20/Max Bet is \$24.00
- Average wager is \$1.99
- Average deposit is \$25.00
- 92-94% of every dollar wagered is returned to players in winnings

Commitment to Safety and Security:

- Every customer is 3rd party verified as part of registration for underage protection and identity is verified by LexisNexis – used by 7 of the 10 top world banks, as well as federal and local law enforcement.
- All Oregon employees and corporate Officers are personally licensed and extensively background-checked, including FBI fingerprinting.
- Utilizes the same geofencing technology also used by the Oregon Lottery to ensure legal gameplay. Luckii is both authorized to wager and is within the legal geo-boundaries.
- All transactions are screened through both AML (Anti-Money Laundering) databases and OFAC (Office of Foreign Assets Control)
- Includes internal fraud tools and tracking to trigger alerts for irregular access and gameplay.
- All races and outcomes are independently certified to ensure the integrity of every wager and accuracy of every race result.

Commitment to Responsible Wagering:

- All customer-facing employees are independently trained on Problem Gambling through curriculum developed by the North American Training Institute, recognized by the American Gaming Association.
- Prominent responsible gaming messaging through the website, with access to addiction counseling and resources.
- Players can set their own controls and budgets with daily, weekly and monthly wager and deposit limits.
- The system also has preset deposit limits to establish an appropriate risk cadence.
- Players can take a break at any time by opting to self-exclude.
- Backoffice account suspension and limit tools available if customer intervention is required.
- Single deposit and withdrawal flow limits the number of payment methods and ACH-only withdrawals.
- No "house credit" or loans.
- Dedicated live customer support with call monitoring and reporting
