

Hello,

Thank you for reading my testimony. I am a homeowner on the river (with a private dock) who enjoys boating, jet-skiing , kayaking, paddle-boarding and my son is a rower. We don't want to see any activities restricted, although having more enforcement for the bad players is needed. I am a proponent of hours for activities and more patrols to keep everyone safe. If wake sports were restricted to the middle of the day then the other times could be for paddlers and skiers. This bill isn't the answer. Thank you!
