

Senators,

Oregon already has a voting system that is vulnerable to fraud and cheating. Making it easier to cheat is not a very good idea. Hmm, let's see we count the votes received by election day and find that the result isn't what one party wanted, so they go out and "find" enough ballots to turn the results and they have 7 days to do it. VOTE NO ON THIS RIDICULOUS BILL!!

Unfortunately I know that you will pass this garbage as you strive to make Oregon more "democratically" socialist.

Respectfully,
