

Mike Nearman does not represent HD23. His own unlawful, dangerous actions have prevented him from representing us, and he shows no interest in changing his ways. Mike is no longer capable of fulfilling his oath of office, and his constituents (including me) are the ones who suffer without his interest or his capacity. His actions speak clearly -- Mike is contemptuous of the legislature and of the legislative process. His party will suffer nothing by his removal, and his constituents may gain someone who wants to represent us. Please expel Mike. Let's move on.
