

My name is Anne Taliaferro. I live on Shady Lane Rd in South Polk County. Although my mailing address is Monmouth, I actually live about ten miles SW of town in Oregon State House District 23. I am a constituent of Representative Nearman.

If Mr Nearman refuses to resign from his House seat I urge you to take action to expel him from the legislature. His recent actions were completely irresponsible. People were injured and many others were put at risk.

I would also encourage you to continue to investigate "Operation Hall Pass" to determine if other members of the legislature were involved.

Mr Nearman has never been an effective advocate for our district. He has never once held a town hall meeting in our district, nor does he show any particular interest or concern about issues that affect our area. We deserve better.

Sincerely,
Anne Taliaferro
