

I am a constituent of Mr Nearman and I strongly petition that you remove him form office in response to his gross behavior prior to and during the disruptive and violent protest at the Capital on Dec 21, 2020. It is time to take a stand against the tendency to mix armed violence into our political debate. I support effective representation that stays in the Capital engaged in legitimate legislative procedures and debate rather than bending to extreme partisan show boating. In the name of good governance and effective representation please remove Nearman.
