Re: [SJR 10]: "Proposes amendment to Oregon Constitution to prohibit slavery and involuntary servitude in all circumstances."

[SJR 10] is approximately 156 years to late. Ah shucks, you blew it again.

Today we celebrate Juneteenth, our long overdue Federal Holiday which we remember the end of slavery in the United States of America.

"Juneteenth" makes [SJR 10] moot (useless).

[SJR 10] is another asinine attempt of the Legislature to ingratiate themselves with some of the voters before the next election cycle.

[SJR 10] is also another divisive waste of taxpayer money and time.

On the other hand...since most of the Oregon Legislature supports the, Dementia poster-boy in Chief-the Biden administration's irresponsible and reckless borrowing and printing money raising our debt to at least 34 Trillion dollars...All of us are headed for some form of slavery in the very near future.

Considering we all may be slaves at some point, until we pay off our National debt; maybe it will be a good thing if [SJR 10] becomes law so other states will have to enslave themselves a little longer to pay Oregon's share of the National debt.

I for one, OPPOSE [SJR 10] for what it is...a stupid, meaningless waste of taxpayer's time and money.

Celebrate Juneteenth and start paying down Oregon's accumulated debt.

Mr. Oregon mocks [SJR 10] whole heartily!
