

Oregon Conservation & Recreation Fund Coalition Letter of Support

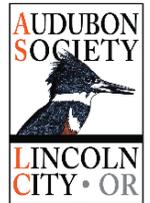

As Oregon's population grows, stewarding our natural resources becomes more challenging. Together, we must act to protect Oregon's lands, waters and wildlife, and ensure that all Oregonians can experience the state's diverse landscapes and outdoor recreation opportunities now and into the future.

The Oregon Conservation and Recreation Fund supports critical conservation goals, expands opportunities for responsible outdoor recreation, and reduces barriers for underserved communities to connect with the outdoors. The undersigned organizations, companies, and community leaders urge support for the Oregon Conservation and Recreation Fund.

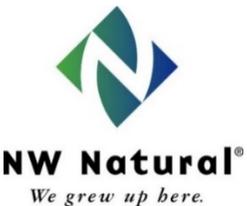

Join us in standing up for Oregon's wildlife, natural lands, and outdoor opportunities for all!
