

Hello! I am in opposition to this bill proposal. The election process has already proved to be complicated and questionable in its integrity so adding same day registration on election day is not in the best interest of the people of OR. Every person who wants to vote should go through the process to register first at a time before elections take place. On election day, they will be ready to go to cast their vote. Allow the people who are in charge of election ballots concentrate on the process at hand to insure all runs smoothly.
