

With the present Covid pandemic, more and more people are trying to purchase guns, many of whom should never own a gun. There is often inadequate time within the 3 day limit to complete background checks to assure that only responsible people are allowed to purchase a gun. Guns are lethal weapons that should not fall into the hands of people who would use them for illicit purposes. No one should be able to purchase a gun without a thorough background check. I'm asking for your support for HB 2543. Thank you.
