

**SB 109:** Allow rulemaking for drone take-off and landing in State Parks

# Current Management

- UAS (drones) are allowed in Oregon State Parks.
- Individual parks may limit or prohibit usage if:
  - Endangering a natural or cultural resource.
  - Posing a risk to people or property.
  - Interfering with other, established forms of recreation.
- Lack clarity on when and where take-off and landing allowed.

Smith Rock State Park

# Process for Rulemaking

- Rule Advisory Committee with drone pilots; recreational hobbyists, conservationists and visitors to develop rule.
- Hold public hearings and comments on proposed rule.
- Approval by Oregon Parks and Recreation Commission.
