

I was a Democrat at one time and am a proud firearms owner. Because of your far left ideology I have switched to an independent along with many that I know. I hope you people understand that you are loosing voter base and in 2022 you will all be voted out of office over something stupid as (gun control). I don't understand why you people think by taking my right of owning a firearm is going to make your streets any safer? Dig your heads out of your butts! Why don't you understand criminals are referred to as criminals for a reason. THEY DON'T FOLLOW LAWS! how can you people not understand that? Is the common sense to simple for you to understand?
