

This is absurd on it's face. So now you are trying to disarm thoroughly back ground checked CHL holders. Could you possibly be more obvious? Nearly ALL OF YOUR ACTIONS are to frustrate and disarm law abiding gun owning citizens while TOTALLY IGNORING CRIMINALS at least when you're not actually rolling back their punishments. You people are the dead opposite of statesmen, you are pure politicians with no mindset for the common good, only to trick people into voting for you. YOU are the reason the Bill of Rights was written. Just disgusting.
