

On behalf of the 63 Farmer Members of the Grants Pass Growers Market the Double Up Fund Bucks gave the farmers an economic boost of \$13,190.00. This was an economic boost that would not have happened due to covid restrictions and our farmers not being able to sell to their regular restaurant customers. Our Farmers are happy, our customers are eating better and our non farm vendors were able to benefit also.

Sincerely,
Kia McQueary
Manager
