

In this world of uncertainty and lawlessness, the innocent persons who are law abiding, tax paying citizens need to be able to protect themselves everywhere - not just where the government thinks they should.

If a person has already jumped through all of the hoops and passed all of the background screens to allow them to protect themselves and others, it is unconscionable for elected officials - mind you CIVIL SERVANTS - to try and railroad others into becoming prey to the unlawful in this world.

SB 554 places the lawful into the same category as those who don't follow the rules. STOP THE INSANITY AND TYRANNY OF THE FEW for the sake of the many.
