

Dear Committee Chair and members of the Senate Rules,

I encourage you to Vote NO on HJR 11 because.....

I believe it is just another path to voter fraud. Voting should be something that people take seriously. They should take the time and make the effort to learn the pro's and cons of every measure and every candidate that is offered for consideration. It is not something that one waits until the day of the election to register for. It makes it too easy for people to register in multiple counties and vote more than once. It is a bad idea. If a person cannot be bothered to register before the day of the election you can be assured that they are not an informed voter and have no good intent with their vote(s)

I encourage you to Vote NO on HJR 11

Thank you for your time and consideration on this Bill.
