

Testimony on HB2543, hearing February 18th 2021. House Judiciary Committee

My name is Manuel J. Martinez, aka Manny Martinez. I reside in the City of Keizer, State of Oregon. I oppose this Bill similar reason I have done in the past. Hypocrisy.

This bill similar to others includes, restrictions and prohibitions which do not belong in a free society. Our Nation is Capitalist, it is not Socialist neither another Marxist equivalent. The reason for these regulations is not safety; it is to slowly introduce Socialism. House Bill 2543 would disarm the population, to cement Marxist/Socialism, which is the philosophical doctrine wanted to be implemented and cannot be denied. Extreme requirements and extravagant prohibitions, outlined in this bill affirm the conversion from Capitalism to Socialism. Therefore, disarming law abiding citizens, restricting or eliminating possession of a firearm must take place.

HB 2543, sounds a "fraudulent" bill. Fraud, according Webster's New Collegiate Dictionary is defined as the 'intentional perversion of truth, in order to induce another to part with something of value or surrender a legal right.' Is clear HB2543 is to disarm the population and is using safety as a pretext, a disgraced. Impostors are the name given to those who defrauds. With sadness the Socialists in America starting to glorified fraud as instruments to make ill-fated Legislations.

This bill would protect criminals and eventually would be use against the population to negate defense against dictatorial regimes, which is definitely the objective here. It is well known, totalitarian governments do disarm the population otherwise, would very difficult its implementation. The new administration, Biden/Harris has shown a euphoria for Marxism. Their actions, along with radical Executive Orders, cannot be denied. In Marxist countries, such as in my Native one, equally actions and lies were used to inject Marxism forcing the disarm citizenry to be subjugated, affixing Communism.

I came to America for refusing Socialism/Communism. I want to indicate I never was associated in my Native Country with any government administration or political part. I just renegade Socialism. Which trigger my exile in America, thanking for the gesture. I served this Country and became American citizen by naturalization, making America my adopted Country. Freedom, Civil Liberties and Rights, I rescue here however, not forgetting my past neither what I experience. Therefore, I am very aware of the malignity Legislations against possession, transferring ownership and purchasing firearms; also, the impending ugly storm approaching Socialism, which I would like to alert my fellow-country people of the future of this grandiose Nation. America is the last bastion of Liberty on earth and must be protect. Marxism wants this Land, their last target however, we must say, once again NUTS.

In January 8th 1959, in Habana Cuba speech by Fidel Castro "Armas para que? (Arms for what?), English translation on hand, which I have copy of the original. Americans can read the initiation of disarming the population in my Native Country. Here in America is t beginning now. Nothing new just different actors and language, down there in Spanish, here in English but similar script. Radical left wants to permanent possess this Nation, the reason for disarmament. Safety is not the reason; it is a hypocrisy. We have in this Country enough Laws to have criminals

under control and ways to teach gun safeties. How can be expected to be protected by been disarm and Law Enforcement (Police) defunded.? Wanted by does burning destroying and vandalizing the Nation. Meanwhile, the New ruling Socialist administration would replace the actual Police as a gesture to the left but, would install a New Police force, designated POLITICAL as done by all totalitarian regimes in history such as: Gestapo in Germany once, NKVD in Russian believe still in existence, G-2 in Cuba now well improve Soviet style, PAP in China

This Legislation is an attack to our Constitution 2nd Amendment, the one protecting our individuals Rights, not limited to Freedom, self-defense, private property and family.

Socialists wanting accommodate a "New Class" elite, by establishing a totalitarian tyrannical Society, called Socialism or any similar, immersing us into vassalage by eliminating our Rights, making us marionettes of a tyrannical government.

I have been thru all chapters of an existing Marxist society; the kind Socialists describe hypocritical as "Democracy". The interpretation of it, accordance by their standards is nothing more than a modernistic execution of ABSOLUTE CONTROL over humanity. Hypocritically using safety as an excused to disarm the population, nothing more than a magnificent "FRAUD."

In the Mastery of God, we Trust,

Manuel J. Martinez
