

Committee Members.

My name is Dan Drayton and I'm testifying in opposition to SB554 today.

This bill will only make felons out of law abiding Oregon citizens and disarm them.

This bill severely restricts my right to selfdefense and the defense of my family.

With the increasing violence on the streets of Oregon cities, this bill will only make more people sitting ducks for violent attacks and the death of innocent Oregon citizens. This makes no sense. Why restrict concealed carry? These people have passed background checks, taken training to carry concealed and have become very familiar with their firearm.

This bill should not leave this committee.

Vote to oppose SB554.

Thank you

Dan Drayton.
