

SB 554 is a direct attack on 2nd amendment rights of legally concealed weapons by law abiding citizens. It has been proven time and time again, criminals do not follow laws and gun laws only limit law abiding citizens means of protection. Gun free zones are only easy targets for criminals who mean to do harm. Good men and women who conceal carry via legal permit save lives! This bill brands law abiding citizens as criminals. I urge a NO VOTE and strongly oppose SB554.
