

As a law biting and taxpaying citizen of the state of Oregon fully expect my state Congress persons to abide by and uphold the Constitution of United States as well as the Constitution of the State of Oregon  
House bill 554 and the process around it is clearly to any logical objective person unconstitutional and violates my rights but more importantly robs me of the right to protect myself and my family as we live and In a rather isolated neighborhood  
Please do your sworn duty and kill the bill 554 it is clearly unconstitutional irrational and is an the front to every law-abiding  
Thank you  
Horace O Duke
