

To Chairperson Proanski vice chair Thatcher

My name is Horace O Duke

I come before you in written form in opposition to Senate Bill 554 which any rational objective thinking person understands it is both in substance and process unconstitutional as well as irrational and an affront to every law abiding citizen of state of Oregon.

This bill 554 is not only unconstitutional it clearly is designed to deny me the right of self protection and that of my family

In the st I urge you to kill Bill 554 Horace Duke
