

I oppose this bill. The bill clearly infringes on ones right to protection of life and property. The gun free zone concept just establishes a hunting ground for criminals. At the airport, criminals will still jack you car: steal your wallet or your life, maybe your loved ones life. Criminals do not obey your rules. Also oppose increasing fees for concealed handgun permit. This is just another leftist gun hating way to infringe on good , law abiding gun owners. Do the right, and kill this bill.
