

To whom it may concern. I am deeply troubled by your consideration of SB554. This bill would infringe on our second amendment rights. It is not legal abiding citizens which cause illegal acts with firearms. It is criminals who ;have total disregard for life. They would never apply for a CCL. They would never register a gun because they know that their actions could be traced. Law abiding citizens only have a CCL to protect or defend themselves. I urge you to consider that the actions of SB554 could cause a person to lose their life because they could not defend themselves. I am 79 years old and there is no way other than a concealed gun to protect myself. I also understand that you never pull a gun or threaten any one unless it is a matter of life and death. Again please trash this bill.
