

Chair Prozanski, Vice-chair Thatcher,

I am a Grandmother & I am against Senate Bill 554 because I believe my family should have the right to protect themselves. I pray that law abiding citizens with concealed weapons are in the schools my grandchildren attend to protect them from criminals that may come into the schools with the intention of harming them. I believe this bill as written, if passed, could make criminals out of innocent, law abiding citizens. Please do not let this bill out of committee.

Thank you,
Toni Melvin
