

To take away the right to carry in Oregon or to make it so onerous as to make it impossible for honest, law abiding, Oregonians to comply is to grant an open invitation to criminals to become more brazen in their criminal pursuits. Let's start punishing criminals in our large metropolitan areas like Portland and getting to the real source of crime in this state. I am fortunate to live in Eastern Oregon where we are politically forgotten in this state. A move to Idaho is certainly something I have considered and this liberal supported bill gives me more reason to consider such a move. Oregon can keep its criminals, Antifa, and liberal politicians. Thank-you. Jim Anderson
