

Frank Izo, Jeff Izo, Marta Izo, Tim Izo. We are all adults and long time pilot butte or. residents. We are an adult family living on neighboring acreages in Pilot Butte Or. 1. We emphatically oppose such an absurd and we believe unconstitutional attempt at further erosion of our right to defend ourselves. 2. We have legally obtained our concealed carry permits and been background checked and vetted accordingly along with attending the classes in responsible training required 3. This absurd legislation would do absolutely nothing to deter an actual criminal from concealing a weapon in any of the public forums the law attempts to cover and then using that weapon to commit their crime in those forums against law abiding ordinary citizens who may be present. What this legislation would accomplish would be to prevent any of those law abiding citizens from actually defending themselves and others who are present. Do any of the liberal representatives at this hearing believe that there are going to be law enforcement people on hand in every emergency situation to just be there and protect us? Very foolish indeed! We oppose ballot measure 110.
