"I come before you in opposition to Senate Bill 554"

The world we live in is becoming more violent with each passing year! While our Law Enforcement people are dedicated and hard working, there are not enough of them to provide protection to most of us when the moment of life or death arrives. We as Americans and Oregonians deserve the right to be able to protect ourselves and those around us.

The right to either open or concealed carry is critical to our safety and a second ammendment right. Please KILL THE BILL

Thank You
