

Chair Prozanski, Vice-Chair Thatcher, Senator Dembrow, Senator Gelser, Senator Heard, Senator Linthicum and Senator Manning Jr.,

My name is Kathy White. I come before you in opposition to Senate Bill 554.

I am very concerned about the loss of rights of the most law abiding citizens that this bill would remove; thus emboldening criminals, that don't go through background checks and fingerprinting.

Bills like Senate Bill 554 are chipping away at our constitutional rights. It is very disappointing to watch some of our elected politicians refuse to honor our Constitutional Rights, that they have taken an oath to protect.

I strongly advise the committee to "Kill the Bill".

Thank you,
Kathy White
