

I understand the desire to impose new restrictions in an effort to "save" life's but this bill will restrict the ability of a law abiding gun holder to defend themselves. This bill is a direct attack on the 2nd Amendment and is unconstitutional on many levels. Criminals ignore the law and this does nothing to prevent them from carrying out unlawful actions on fellow citizens. This bill merely punishes those of us who do carry, which kinds of defeats the narrative of making stronger gun laws in an effort to create a safer society. What are the true motives of such a bill? Isn't it the job of law makers to protect our liberties and constitutional rights verses infringing on them? I'll take liberty over safety because if you choose safety over liberty, we deserve neither. Please reconsider the effects such a bill may have on law abiding citizens of all colors, races, sexes, etc. Thank you for your time.
