

Please DO NOT pass this bill. It erodes what little freedom of the 2nd amendment we have left and it does nothing to prevent crime. It would also be very confusing when traveling as the rules would change depending on where you happen to be. Besides all this, since when does a college or airport or any other entity get to decide if we can exercise our constitutional rights. This bill is a poorly thought out plan to discriminate against gun owners. DO NOT PASS THIS BILL!
