

I support HB 3177, the Covid Business Equity Act! Please support the diverse working families of the hospitality industry, the gym owners, the mom and pop shop owners, and all the other small business owners across the state and provide the needed business equity that is severely lacking and pass HB 3177. There's no reason that big businesses and big money interests should be allowed to continue business but all small business owners and those who are employed by them should have to suffer. It's hypocritical, tyrannical, and disgusting, there is no science behind those policies and it must end!!
